

Wesley Alejandro Dominguez Aguilar

Carnet:1246926

<https://github.com/dominguezw641-dotcom/laboratorio>

The screenshot shows the Visual Studio Code editor interface. The top menu bar includes options like Archivo, Editar, Ver, Git, Proyecto, Compilar, Depurar, Prueba, Herramientas, Extensiones, Ventana, Ayuda, and a search bar. The toolbar below the menu has icons for file operations, debugging, and other functions. The main editor area displays a C# file named 'Program.cs' with the following code:

```
1 // See https://aka.ms/new-console-template for more information
2 Console.WriteLine("Hello, World!");
3 Console.WriteLine("programa hecho por: Wesley Dominguez");
```

The status bar at the bottom indicates '100 %', 'No se encontraron problemas.', 'Linea: 3, Carácter: 59', 'SPC', 'CRLF', and 'UTF-8 with BOM'.

This screenshot shows the same Visual Studio Code editor with the C# code from the previous image. The 'Salida' (Output) window at the bottom displays the following compilation errors:

```
1>----- Operación Compilar Iniciada: Proyecto: LAB03 - A3-Wesley Alejandro Dominguez Aguilar, configuración: Debug Any CPU -----
1> Obteniendo analizadores para acelerar la compilación. Puede ejecutar los comandos "Build" o "Rebuild" para ejecutar los analizadores.
1>C:\Users\domin\Downloads\LAB03 - A3-Wesley Alejandro Dominguez Aguilar\LAB03 - A3-Wesley Alejandro Dominguez Aguilar\Program.cs(3,59,3,60): error CS1525: El término de expresi
1>C:\Users\domin\Downloads\LAB03 - A3-Wesley Alejandro Dominguez Aguilar\LAB03 - A3-Wesley Alejandro Dominguez Aguilar\Program.cs(3,60,3,60): error CS1733: Se esperaba una expresi
1>C:\Users\domin\Downloads\LAB03 - A3-Wesley Alejandro Dominguez Aguilar\LAB03 - A3-Wesley Alejandro Dominguez Aguilar\Program.cs(3,60,3,60): error CS1802: Se esperaba ;
----- Compilación: 0 correcto, 1 erróneo, 0 actualizado, 0 omitido -----
***** Compilar completado a las 11:40 y tardó 04.867 segundos *****
```

The 'Copilot Chat' sidebar is open on the right, displaying the GitHub Copilot logo and the text 'Copilot Chat'. Below this, it says 'Es posible que comete errores, así que compruebe la precisión. Use # for references, / for commands, and @ for agents.' There are also buttons for '@VS Crea un nuevo proyecto', '@VS Ayúdame a familiarizarme con el uso de Visual Stu...', and a 'Preguntar a Copilot' input field.
